

Corvette

UNEDITED: This is a picture of a corvette with a van as well as a jeep in the photo. This was taken using an I phone.

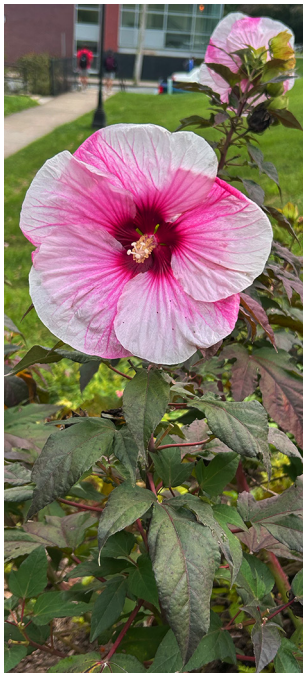

EDITED: This picture of a corvette is cropped as well as took out the other cars in the photo using the clone stamp tool. Making the clear focus the corvette. Changes of the brightness and contrast, as well as the curves in the photo also occurred.

Flower

UNEDITED: This is an outdoor photo of a flower with some dirty spots and holes. This was taken using an I phone.

EDITED: The photo is cropped as well as changed the brightness and contrast. aswell as changed the saturation and fixed the holes and dirty spots on the flower using the clone stamp tool.

BOWLING

UNEDITED:

This is a picture indoors at a bowling alley. the lighting is boring/dull. there is also no focus in the picture .

EDITED:

This photo has been cropped as well as brightened using the brightening and contrast tool in photo shop. The hues and tones of the picture have also been changed.

Castle

UNEDITED took this picture at Disney, it showcases the castle, however there are people in the picture and its a bit dull. This was taken using an I phone.

EDITED: To brighten the picture the contrast and brightness tool was used to changed the brightness and contrast as well as changed the color of the castle using the. Cropped out the people that were ruining the picture as well.
